

Partnership Statement

This activity is jointly provided by Your CE Source, eMedEvents, and NCIMS.

Educational Objectives

After completing this activity, the participant should be better able to:

- Identify and order relevant endocrine laboratory assessment to elucidate a complex condition
- Select the testing modality most likely to yield actionable results
- Identify strategies to address disordered nitric oxide metabolism as an essential step in controlling inflammation

Physician Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Your CE Source, eMedEvents, and NCIMS. Your CE Source is accredited by the ACCME to provide continuing medical education for physicians.

Your CE Source designates this live activity for a maximum of 11 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement

Your CE Source ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, Your CE Source identifies conflicts of interest with its instructors, planners, content managers, and other individuals who are in a position to control the content of an activity.

The following *faculty, planner and/or content manager* reported the following financial relationship with ineligible companies whose products or services may be mentioned in this CE activity:

<i>Name of Individual</i>	<i>Reported Financial Relationship</i>
---------------------------	--

Elizabeth Shirley, MD

Consulting Fees – Berkeley Life Professional

All other faculty, planner and/or content managers with Your CE Source, eMedEvents or NCIMS have nothing to disclose nor do they have any vested interests or affiliations. All financial relationships have been mitigated with ineligible companies.

Disclaimer Statement

The content, views and opinions presented in this educational activity are those of the faculty/authors and do not necessarily reflect those of Your CE Source, eMedEvents and NCIMS. The faculty/authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Obtaining CE Certificate
